OCTOBER 2021 INCIDENT DATA - MODERATE RISE IN FAR-RIGHT NEO-NAZI ACTIVITY

As Americans commemorated the third anniversary of the white nationalist terrorist attack at the Tree of Life Synagogue in Pittsburgh, Pennsylvania -- the deadliest attack on the Jewish community in U.S. history -- the CAM Information Hub tracked a 17.6% increase in far-right, neo-Nazi antisemitic activity in October 2021 compared to September. While reports of far-left and radical Islamist incidents decreased, overall CAM monitored **a total of 163 media reports of antisemitic incidents in October, representing no change from September's total.**

GLOBAL ANTISEMITISM FOCAL POINTS

EU Unveils Comprehensive Antisemitism Strategy

The European Commission published its first-ever [EU Strategy on Combating Antisemitism and Fostering Jewish Life](#). "By fighting antisemitism, we fight for democracy, and we fight for Europe." European Commission Coordinator for Combating Antisemitism and Fostering Jewish Life Katharina von Schnurbein said during an exclusive [CAM briefing](#), on the historic plan which seeks to position the EU as the world's leader in combating antisemitism.

Antisemitism Enters Center of Irish Society

Several recent high-profile [incidents](#) -- including a prominent politician's use of the term "Jewish supremacy," and a best-selling novelist's refusal to publish her latest book in Hebrew -- have drawn renewed attention to the pervasiveness of antisemitism in mainstream cultural and political life in Ireland.

Jew-Hatred in Education Cutting Across Age Groups

The CAM Information Hub has detected a [rise in Jew-hatred incidents at middle and high schools](#). While antisemitism on college campuses sometimes makes headlines, the bigotry children must cope with usually flies under the radar. In the short time since the current school year began, CAM has recorded 15 incidents of middle and high school-related antisemitism, largely in the U.S and Canada.

American Jews View Far-Right & Extreme Left As Threats

The American Jewish Committee released a [landmark study](#) on the perception of antisemitism in the U.S. which found that 40% of American Jews changed their behavior over the past year, fearing antisemitism. 91% of American Jews view the far right as a threat, and in a shift, 71% of American Jews believe "the extreme political left" represents an antisemitic threat, increasing from 61% last year.
