GLOBAL ANTISEMITISM FOCAL POINTS

UN Special Rapporteur Publishes Eight-Point Action Plan Against Antisemitism

"Antisemitism remains a persistent and serious global problem, with a range, scale and depth that has continued to expand since 2019," United Nations Special Rapporteur on Freedom of Religion or Belief Dr. Ahmed Shaheed writes.

The new plan is a follow-up to the historic 2019 report authored by Shaheed that urged countries to "adopt a human-rights based approach in combating antisemitism."

Prosecutor Suspects Antisemitic Motive in Murder of French Jewish Man in Lyon

A French prosecutor said 89-year-old Jewish man René Hadjaj, who was pushed out of his 17th-story apartment window in Lyon by a neighbor, may have been killed because he was Jewish.

The assessment is based on past antisemitic social media posts published by the suspect, Rachid Kheniche.

The case is disturbingly reminiscent of the murder of 65-year-old French Jewish woman Sarah Halimi at her Paris home in April 2017.
