Dear Mayor Bibb,

I want to express my deep appreciation for your courage and integrity in handling the recent protests and decisions regarding the war between Israel and Gaza. Your refusal to sign the resolution for a ceasefire, rooted in a firm belief that peace hinges on the release of hostages by Hamas, showcases your commitment to our shared values and the pursuit of justice. Your public statement highlighted the necessity of focusing on condemning Hamas as a significant barrier to peace, reflecting your strong stance against antisemitism and extremism.

Your actions inspire hope and demonstrate the power of standing firm in one's beliefs, even under pressure. As a friend and ally, I am grateful for your leadership and the example you set. The Combat Antisemitism Movement stands with you, ready to support Cleveland in fostering a community of diversity, inclusivity, and mutual respect.

Thank you for your steadfast allyship with the Jewish community during these challenging times. Your conviction and leadership are invaluable, and I look forward to witnessing Cleveland's continued growth and prosperity under your leadership.

Sincerely,

Sacha Roytman
Chief Executive Officer
