

The Alabama Conference of Mayors

Roundtable of Mayors Addressing Combating Antisemitism

March 8, 2025

Selma, AL

The partnership between the efforts to combat antisemitism and the commemoration of the 60th anniversary of the Civil Rights Movement has set a powerful precedent for future initiatives. The roundtable saw participation of mayors from numerous cities across Alabama, each representing diverse populations and unique challenges. The collective wisdom and experience of these leaders created a rich tapestry of ideas and solutions aimed at addressing the complex issue of antisemitism. This landmark event brought together leaders from various cities to discuss strategies, share experiences, and pledge their commitment to eradicating antisemitism in their communities.

The success of this collaboration lies not only in the strategies discussed but also in the solidarity and determination of the participating leaders. Establishing robust support networks for victims of antisemitism is critical. Drawing inspiration from the Civil Rights Movement's solidarity, we can create a safety net for those affected by hatred. Support groups, counseling services, and legal assistance are vital resources that empower victims to recover and thrive. By providing these essential services, we reinforce our commitment to upholding human rights and ensuring that no one suffers in silence. "Together, we have taken a significant toward eradicating antisemitism and fostering a more inclusive and compassionate society,"

The legacy of the Civil Rights Movement continues to inspire and guide us in our pursuit of justice and equality. By drawing on this rich history, we can build a future where all forms of hatred are challenged, and every individual is valued and respected.

Sincerely,

Vickie Moore

Executive Director, The Alabama Conference of Black Mayors
